ALTO-SHAAM®

20•20MW, 20•20W

COMPANION HOLDING CABINET

COMBI MATE®
WARMER

ecosmart®

• HALO HEAT . . . a controlled, uniform heat source that gently surrounds food to provide a better appearance, taste, and longer holding life.

• Uses one-third to one-half the energy of conventional holding equipment.

• Motionless air inside cabinet prevents transfer of flavors, retains more product moisture, and preserves color.

• Close temperature tolerance, along with even heat distribution, maintains an ideal serving temperature throughout the cabinet.

• Available in a stationary or mobile cabinet design.

• Optional Roll-In Pan Cart (trolley) is designed for maximum capacity and is completely interchangeable with the Combitherm® CombiOven™ electric model 20•20es, or gas model 20•20esG, and the Alto-Shaam Quickchiller™ QC-100.

MODEL 20•20MW
(SHOWN WITH RIGHT-HAND DOOR AND OPTIONAL PAN TROLLEY)

MODEL 20•20W
(SHOWN WITH RIGHT-HAND DOOR AND OPTIONAL PAN TROLLEY)

Insulated Halo Heat companion holding cabinet features 20 gauge stainless steel construction. The cabinet is controlled with one (1) ON/OFF power switch and an adjustable, electronic thermostat which includes a heat indicator light, temperature set button, and temperature increase and decrease buttons. The thermostat has a range of 60° to 205°F (16° to 96°C) and includes a digital display indicating the air temperature within the cabinet. The door has a heavy duty rotary handle with standard left-hand hinging.

Optional Roll-In Pan Cart (trolley) features removable handle, pan support rails to hold twenty-four (24) full-size pans, and six (6) stainless steel wire shelves for sheet pans. Cart includes two (2) rigid casters and two (2) swivel casters with brake.

☐ **MODEL 20•20MW:** Mobile holding cabinet supported by four (4) heavy duty casters

☐ **MODEL 20•20W:** Stationary holding cabinet supported by four (4) heavy equipment legs

FACTORY INSTALLED OPTIONS

• Left-hand door swing is standard.

☐ Specify right-hand door as a special order.
