GRILL-MAX™ ROLLER GRILLS Model 20, 20S, 30, 30S, 45A, 45SA, 50, 50S, 75A, & 75SA

Features/Benefits:

- * Star is pleased to offer the Star Grill-Max™line of roller grills taking presentation and performance to its fullest potential morning, noon and
- ★ Unique stadium seating slanted roller design provides the best presentation of your products increasing sales and impulse purchases.
- ★ Slim-line design provides more grill surface in the same space. Increased capacity means additional sales and greater profits.
- ★ Latest technology in cooking and holding. Infinite temperature controls provide more linear heat control for better performance.
- ★ Easy access control knobs provide sectional heating for front and rear rollers.
- ★ Exclusive Duratec® coated non-stick rollers, the best non-stick high performance coating for today's high volume operations. Duratece® rollers meet the demands for improved durability, cleanability and feature superior grip for improved rollability of today's new roller grill
- ★ The standard chrome rollers provide a durable cooking surface designed for traditional cooking operations.
- ★ Seal-Max®, Star's exclusive superior heavy-duty roller bearing and seal combination provides smoother operation, longer life, low maintenance and grease-free internal compartments.

Not only do Star Roller Grills, Bun Warmers and Sneeze guards combine to make the leading "Hot Dog Center" in the industry, but these versatile units can be used for breakfast sausages and many other products as well. These units, available in a variety of styles and sizes, are perfect for use in snack bars, convenience stores, recreational facilities, stadiums and virtually any venue where fast food is sold.

Quality Construction:

Constructed of all stainless steel utilizing Duratec® non-stick coated rollers or chrome rollers with tubular stainless steel sheath elements. Infinite temperature controls for cooking and holding from low to high temperatures. Heavy-duty motor provides 360° rotation of rollers. Stadium seating of rollers provides a slope of 3° to 5° for better merchandising. Star's patented Seal-Max® seal and bearing combination and pilot light is standard. Units are supplied with 6' cord.

Accessories:

- ★ Optional merchandising door to increase merchandising opportunities and conceal the control panel.
- ★ High impact graphics are available to increase product awareness and build impulse sales.
- ★ Heated bun warmers have thermostatic controls providing precise temperature control from 80° to 200°F.
- Sneeze guards are formed polycarbonate and meet health department requirements.

Warranty:

Grill-Max[™] and Grill-Max[™] Pro roller grills are covered by Star's one year parts and labor warranty.
